## Access to HE Diploma Background and Aims

The Access to Higher Education Diploma is a full Level 3 UK qualification. It is regulated by the Quality Assurance Agency for Higher Education (QAA) which licenses Access Validating Agencies (AVAs) to accredit and award the Access to Higher Education Diploma in the UK.

Access to Higher Education Diplomas enable students to acquire the knowledge and skills necessary to progress to higher education. They are key to widening participation from groups traditionally underrepresented at higher education institutions and are therefore aimed particularly, though not exclusively, at adults without traditional qualifications.

The aims of the Access to HE Diploma are to:

- prepare students who are returning to education for progression to Higher Education, further training in a related vocational or occupational area
- help students develop the skills and knowledge they need to achieve on their chosen HE course or career pathway
- familiarise students with the teaching and learning methodologies and assessment strategies found in Higher Education Institutions (HEIs)
- help students to gain confidence in their abilities, to review and monitor their own progress and to become independent students
- develop students' research, planning, analytical and evaluation skills
- enable students to make informed choices about future progression routes

## Diploma development

Skills and Education Group Access has worked with curriculum specialists and higher education colleagues to develop the Access to HE Diploma (Health and Social Care). Every Diploma is validated by the AVA through a robust and rigorous peer panel process which then recommends approval to the AVA's Access to HE Committee. By taking into consideration the views of Further and Higher Education practitioners, the AVA ensures that the Diploma meets all QAA requirements and that it enables students to complete a planned, balanced and coherent programme of study, through which they have been able to acquire a subject knowledge and develop academic skills which are relevant to the intended progression route(s).

**LC 50a: This QAA recognised Access to HE Diploma is validated for delivery within the UK by a provider with a main base in the UK (including the Channel Islands and the Isle of Man) only.**

**LC 50c: Only students with a UK address (including BFO) can be registered for an Access to HE Diploma**

## Diploma and Credit Specification

The QAA Diploma and Credit Specification states that the Access to HE Diploma is a:

unitised qualification, based on units of assessment which are structured in accordance with the Access to HE unit specification

- credit-based qualification, operated in accordance with the terms of

the Access to HE credit specification

- graded qualification, as determined by the Access to HE Grading Scheme.

### About this qualification

AVA Diploma Access to HE Diploma	Main Classification (Sector Subject Area)	Sub- Classification
(Health and Social Care)	1 - Health, Public Services and Care	1.3 - Health and Social Care

**This Diploma specification is valid from: 01/08/2024**

**Diploma revalidation date: 31/07/2029**

The Access to HE Diploma (Health and Social Care) provides students with a comprehensive understanding of the principles and practices within health and social care sectors. This course prepares students for Higher Education leading to careers in healthcare, social work, and related fields. Students will acquire essential knowledge, specific skills, and transferable skills necessary for success in these areas.

#### A. Key Knowledge:

##### 1. Health and Social Care Fundamentals:

- Understanding of equality, diversity, and inclusion in healthcare.
- Knowledge of social care provisions and the welfare state.
- Understanding poverty in contemporary Britain and social inequality.

##### 2. Psychological and Cognitive Understanding:

- Exploration of developmental psychology and cognitive psychology.
- Understanding of behaviour and the brain, and the impact of drugs on behaviour.
- Knowledge of dementia and strategies for responding to prejudice and discrimination.

##### 3. Professional Practices:

- Understanding of professionalism and multidisciplinary teams in healthcare.
- Knowledge of healthcare communication techniques and their importance.
- Understand of the perspectives in psychology and their application in health and social care.

#### B. Subject-Specific Skills:

##### 1. Healthcare Skills:

- Skills in understanding and promoting equality, diversity, and inclusion in healthcare settings.

- Know how to address social care needs and understanding social care provisions.
- Developing abilities to effectively communicate within healthcare scenarios.

## **2. Psychological and Social Skills:**

- Proficiency in applying principles of cognitive and developmental psychology in care settings.
- Understanding of the impact of social inequality and poverty on health and wellbeing.
- Skills in addressing and responding to prejudice and discrimination in health and social care scenarios.

## **3. Professional and Multidisciplinary Skills:**

- Know how to work effectively within multidisciplinary teams.
- Understanding of professionalism in healthcare and social care settings.
- Know about the skills in dealing with patients and clients with dementia.

## **C. Transferable Skills:**

### **1. Academic and Research Skills:**

- Enhanced academic writing, research skills, and information literacy.
- Development of reading, note-making, and assignment writing abilities.
- Experience in conducting research projects and understanding opportunities in Higher Education.

### **2. Communication and Organisational Skills:**

- Improved communication skills which could be use to interact with patients, clients, and colleagues.
- Skills in organising and evaluating care plans and social care provisions.
- Develop abilities to work effectively in diverse and inclusive environments.

### **3. Professional and Ethical Skills:**

- Understanding of ethical considerations in health and social care.
- Awareness of professional practices and the importance of reflective practice.
- Skills in managing work experience and applying health and social care principles in real-world scenarios.

## Intended Progression Routes

**LC 61a and 61b: Access to HE Diplomas are intended to provide a preparation for study in UK higher education, but the award of a Diploma does not provide guaranteed entry to UK higher education programmes.**

The following progression routes were agreed at the point of validation as being appropriate choices for students who achieve the Access to HE Diploma (Health and Social Care), subject to the course entry requirements and application process.

- Health Care
- Counselling
- Public Health
- Health and Social Care
- Youth Work
- Social Work
- Psychology
- Social Care

**It is essential that providers delivering this Diploma consult receiving HEIs themselves to ensure that suitable and relevant progression opportunities are sound. Evidence of HEI consultation and progression possibilities will be identified in the provider's Programme Submission Document.**

## Access to HE Diploma provider assessment strategy advice

QAA states that the Access to HE Diploma provides '*HE progression opportunities for adults who, because of social, educational or individual circumstances may have achieved few, if any, prior qualifications*'. They also state that, '*Students who are awarded the Diploma will have completed a planned, balanced and coherent programme of study, through which they have been able to acquire subject knowledge and develop academic skills which are relevant to the intended progression route(s)*'. Therefore all approved providers need to develop diploma assessment strategies which outline what assessment activities the students will undertake, how they will be used and why they have been chosen in order to achieve the learning aims:

1. **What** is the the aim of the diploma assessment strategy?
2. **How** will it be achieved?
3. **Why** has this approach been chosen?

### **Assessment design:**

Access to HE Diplomas should be assessed using innovative and contemporaneous methods, tailored to prepare students studying at Level 3 for study at Higher Education. Assessment design should be holistic, ensuring students can demonstrate attained knowledge, skills and behaviours in and across units and assessments should reflect those likely to be encountered on Higher Education courses in the same field of study. Specific assessment guidance should be provided for each unit to ensure consistency and fairness across all student achievements.

In addition, providers must ensure that assessment methods are chosen which afford students opportunities to demonstrate the requirements of the three Grading Standards; Knowledge and Understanding, Subject Specific Skills and Transferable Skills.

Assessment design should comply with the requirements of the QAA Grading Scheme (2024) and also be aligned to the principles of assessment: Validity, Authenticity, Reliability, Currency and Sufficiency (VARCS).

### **LC 50g: Tutor/Assessor qualifications and experience specifically required for delivery and assessment of this diploma:**

Generally, and as a minimum, it is expected that provider staff teaching on the Diploma have the required professional competence and skills necessary for the mode(s) of delivery to be used, and the level of subject expertise necessary to teach and assess the units available on the Diploma.

## Rules of Combination

Where options are available within a single set of rules of combination, which allow alternative requirements for the achievement of a named Diploma, the alternatives permitted by the options are consistent, in terms of academic challenge and demand, and will require equivalent standards for achievement, whenever and wherever it is delivered.

<b>Access to HE Diploma (Health and Social Care)</b>	
Credit Value of the Diploma:	<b>60</b>
Students must achieve all the units within the Diploma.	
<p>All Diplomas are 60 credits, irrespective of the place, subject or mode of study. Of the 60 credits 45 must be from graded units concerned with academic subject content, with the remaining 15 credits to be achieved from ungraded units.</p> <p>In addition, all students must study a minimum of <b>ten 3 credit units</b> and at least <b>one 9 or 6 credit unit</b>, which may or may not be graded.</p>	
Students can achieve up to a maximum of 30 credits at Level 3 through credit transfer and the award of credit through the recognition of prior learning.	
<p>Students undertaking any Access to HE Diploma, whatever their mode of study, must be:</p> <ul style="list-style-type: none"> <li>a) registered and certificated for units to a maximum value of 60 credits</li> <li>b) registered for units to the value of 60 credits no later than 84 days from the start date of their Access to HE course, or before the student makes a formal application to a higher education course through UCAS or any other application process, whichever date occurs first.</li> </ul>	

## Appendix 1 - Units of Assessment – Access to HE Diploma (Health and Social Care)

For every unit included in the table, further information is included in the Unit Specifications, including learning outcomes and assessment criteria.

### Grading Standards (Applied to all graded units)

<b>1</b>	<b>Knowledge and Understanding of the Subject</b>	<b>KU</b>
<b>2</b>	<b>Subject Specific Skills</b>	<b>SS</b>
<b>3</b>	<b>Transferable Skills</b>	<b>TS</b>

**Students must study a minimum of TEN, 3 credit units and at least ONE 6 or 9 credit unit up to a maximum of 30 credits. All units are mandatory.**

### Graded Units. Choose 45 credits from:

Unit Title	New Unit ID	New National Code	Level	CV
Equality, Diversity and Inclusion in Healthcare	YHS917	PA1/3/AA/01G	Three	3
